No fishin' pole? No problem!

Kyle's Parks & Rec Department participates in the state's Tackle Loaner Program. Through it, PARD loans out fishing equipment just like borrowing library books.

You can use rods, reels and tackle boxes

with hooks, sinkers and bobbers for up to 7 days of fishing.

Visit <http://tpwd.texas.gov/education/angler-education/tackle-loaner-program> to learn more. Then come see us at Lake Kyle and get fishin'!

Give Code Enforcement a Hand

Did you know that tall grass/weeds and various items strewn around a yard can invite crime and/or unwanted critters? You can help keep Kyle safe and looking good by following the rules and maintaining your property.

Rules, what rules, you ask? Our Municipal Code is a list of the laws passed by Kyle City Council. Click 'How Do I' on our website, then Municipal Code.

Our Code Enforcement staff works hard to keep Kyle looking great, which can increase home sale values and help make the city an attractive location for new businesses.

Learn more about the department and its responsibilities by visiting www.cityofkyle.com/police/code-enforcement. While you're there, read about Code Enforcement Officer Lupe Gil.

Shattered Dreams

Kyle PD was once again part of the Shattered Dreams response team. This program, which aims to raise awareness about the dangers of driving under the influence, took place at Hays High School.

Local law enforcement, fire and EMS personnel converged on a realistic mock accident scene involving cars, student actors and even stage blood. HHS students watched the drama unfold.

The Grim Reaper claimed a new victim every 15 minutes – signifying how often someone in this country dies from a drunk driving accident.

We made a video of what it was like to ride along with KPD Officer Pates, shown here, as he raced to the scene, helped victims and conducted death notifications to parents. Visit www.cityofkyle.com and click on News & Information.

Art the Halls Spring 2017

The newest installment of juried artwork for our Art the Halls program is hanging at Kyle City Hall and in the Kyle Public Library.

Stop by and take a look!

We hope you enjoy the monthly Kyle newsletter! Questions, comments or story ideas? Email khilsenbeck@cityofkyle.com

Water Wise & Sewer Savvy

Do you know if certain materials are safe to dispose of in the sanitary sewer? (Those trendy wipes really aren't good for the system.) How about conservation efforts?

As our city grows, residents need simple, concise answers to those sort of questions. That is the goal of Water Wise and Sewer Savvy, an outreach education effort. Get savvy!
